RE: Item 13 A Amendment of Ordinance, Chapter 54 – Offences and Miscellaneous Provisions - Article II – Offences Against the Public Peace 54-32- Prohibitions - (b) Disorderly Conduct, add (e) Obstructing, resisting public officers and employees (Second Reading)

I have been contacted by the Sheriff, Magistrate Judge and DA Office to look into amending this ordinance. They believe that amending this ordinance would give local officers the ability to cite individuals through the local Ordinance in most cases and they be handled through the Magistrate Court rather than as now using the state statute that is being used now.

The difference is when charged under the State law, although it's a misdemeanor the person charge has a warrant filled out, has to be arrested, booked into jail and have a bond hearing and bond be set by a judge, then someone to sign their bond before he / she can be released. Then the case is prosecuted by the DA Office and ran through the Superior Court.

Whereby if charged under the local ordinance they would be issued a ticket with an appearance date in Magistrate Court and the Magistrate judge would rule on the case. No arrest, no booking, no bond, and less work on the DA Office and Superior Court for minor or simple cases.

Attached are verbiage taken from the State Statute for Disorderly Conduct and from another Georgia County's Obstruction Ordinance for your consideration.

RE: Item 13 C Rotary Club Proposal for Phase II of Where We Play Playground

This has been in the works since before Jon left. The committee that was together at that time sort of went away and in FY16 the board froze spending from SPLOST IV until the final dollar amount was known for receipts for SPLOST IV. We had SPLOST IV Recreation money to supplement the cost budgeted for the Phase II part of the Where We Play Playground.

The Rotary Club had grant funds set aside for a portion of the cost of this also and several months ago we accepted the money to be held in an escrow account for this purpose. Mr. Mike Gordon with the Rotary Club has taken the lead on getting the Phase Two off the ground again. He has done all the work in design and acquiring all costs associated with the project from the vendor that furnished and installed the Phase One portion of the playground. The budget he was working under was a 50/50 match between the Rotary Club and the County. He has been successful in designing and equipping a 2000 Sq. Ft. addition for Phase Two for the playground while staying within the budgeted funds. Mr. Gordon is to be commended for his time and effort in this project.

Attached are the design and equipment involved from Great Southern Recreation. The cost is Equipment and freight at \$33,311.00 and the Installation cost of \$38,086.00 to be paid out of the \$33,700.00 donated by the Rotary Club and \$37,679.00 from the dollars allocated from Recreation SPLOST IV account. At this time there is an un-audited amount of \$65,592.00 in funds left in SPLOST IV Recreation. [Mixed]**GENERAL NOTES:**

This Preliminary Site Plan is based on measurements that were provided in the initial planning phase. All dimensions must be verified prior to the submission of a purchase order. Playcraft Systems will not be held responsible for any discrepancies between actual dimensions and dimensions submitted in the planning phase.

The Minimum Use Zone for a play structure is based on the product design at the time of proposal. Components and structure designs may be subject to change which may affect dimensions. Therefore, before preparing the site, we strongly recommend obtaining final drawings from the factory (available after the order is placed and included in the Assembly Manual).

WARNING: Accessible safety surfacing material is required beneath and around this equipment that has a critical height value (Fall Height) appropriate for the highest accessible part of this equipment. Refer to the CPSC's Handbook For Public Playground Safety, Section 4: Surfacing.
